

Terra Dotta Newsletter, December 2012

Happy Holidays

We would like to extend holiday wishes to all of our clients, colleagues and friends. May you have a safe and joyous holiday season. We look forward to working with all of you in 2013 and beyond.

The opportunity to meet others using the software and share new ideas and approaches face to face is an experience which cannot be replaced. The availability of the Terra Dotta staff is what really makes the conference though. If you have a question about something mentioned in a session, there are Terra Dotta staff right there ready to help! I can't wait for TDU 2013!"

-J. Scott Carter
N.C. State University

The early bird registration deadline is December 31.

Troubleshooting Integrations

If you've been the 'go-to' person for issues in your office when users are having difficulty logging in or your site's integrations don't seem to be delivering data as expected, this session can help you more effectively find the cause of the

Effectively Manage Risk at Your Institution

Over the past decade, Terra Dotta has provided its clients with the best possible application and enrollment management software. Although we are best known for our work in the study abroad field, we want all of our friends and clients to know that Terra Dotta Software is also used for managing ESL programs, ISSS, and travel registries for risk management.

This fall, we launched a campaign promoting Terra Dotta's Software to Risk Management and Campus Travel offices. The campaign focused on the benefits of using Terra Dotta software for worldwide travel registration and included [a new video](#), flyers, and an iPad giveaway.

We would like to congratulate Lisa Zimmaro of the Temple University Risk Management office, the winner of the iPad. Thanks to everyone who entered the drawing and viewed the video.

To learn more about Terra Dotta Software for Risk Management, email us today at info@terradotta.com.

Steeped in a Rich History

In May 2006, Terra Dotta was a young company with 5 staff and 14 clients. Twelve of those clients sent 26 attendees to the first ever Terra Dotta user conference in Old Town Montreal.

Today, Terra Dotta has over 250 clients worldwide that send attendees to the annual Terra Dotta University user conference.

Trying to Find Balance in an Ever-Changing World

By: Gary Rhodes, Ph.D., Director
SAFETI Clearinghouse, Center for Global Education at UCLA

[This month's article](#) recaps the challenges and successes of international education in 2012 for institutions in North America and around the world. The piece then looks forward to how we can learn from the challenges of 2012 and improve the overall experience of students, faculty, and staff involved in international education.
