

Terra Dotta Newsletter, January 2012

Version 11 Highlights

The next release of the software will offer many new features our clients have requested, including:

1) With Version 11, you can now create **Folders for your Queries and Reports**, for better organization and easier access to your data.

2) Version 11 will also offer **Formattable Email Text**, including signature lines, so that you can dress up your system-generated emails.

REGISTER TODAY!

- ▶ UMN-Faculty/Staff Travel Registry

New Directory Providers:

- ▶ Barcelona Study Abroad

Terra Dotta wishes everyone a Happy New Year!

Over the past ten years, Terra Dotta has grown from a two person operation with only one client to a company serving over 200 clients in four countries around the world. The one thing that hasn't changed is our commitment to serving your needs in a timely and personalized fashion. We are excited about the future and look forward to expanding our successful collaboration with you in your important work in International Education.

We are thrilled to welcome **Carnegie Mellon University** as our 200th client. They will first be using Terra Dotta's application processes for the President's Office management of its Board of Trustees meetings, including communications and logistics. Cathy Light, Executive Assistant to the President, introduced the idea while recommending our Risk Management application to senior administrators. Ms. Light commented, *"I am very excited to have discovered Terra Dotta software. We believe its flexibility and ability to integrate with our campus systems will allow for seamless use by board members, administrators, faculty and staff."*

WEBINARS: Learn what Terra Dotta Software can do for you

Risk Management Offices

- ▶ [January 26, 2012](#)
- ▶ [February 15, 2012](#)

Find out how your institution can track all faculty, staff and student travel to ensure their safety and reduce your liability. Learn how you can use this data most effectively, as well as how you can have direct communication with travelers before, during, and after their trip.

ISSS Offices

 - TESOL** - March 28-31, Philadelphia, PA
 - NAFSA** - May 27-June 1, Houston, TX
-

What Terra Dotta has meant to UC Merced students is 24/7 access to our application process, the ability to submit documents electronically, and the opportunity for students to easily schedule appointments. Terra Dotta has simplified and streamlined much of our application process, reduced the paper intake particularly with electronic signature documents, improved communication tracking, and put more information into the hands of our students to advise themselves. Craig Harmelin, UC Merced
